Audit Report

Summary

The State Controller's Office audited the Town of Hillsborough's Special Gas Tax Street Improvement Fund—highway users tax—for the period of July 1, 1998, through June 30, 2009. We also audited the Traffic Congestion Relief Fund (TCRF) allocations recorded in the General Fund for the period of July 1, 2000, through June 30, 2009, and the Proposition 1B Fund allocations recorded in the General Fund for the period July 1, 2007, through June 30, 2009.

Our audit found that the town accounted for and expended its Special Gas Tax Street Improvement Fund, and TCRF allocations and Proposition 1B Fund allocations recorded in the General Fund in compliance with requirements, and that no adjustment to the funds is required.

Background

The State apportions funds monthly from the highway users tax account in the transportation tax fund to cities and counties for the construction, maintenance, and operation of local streets and roads. The highway users taxes derive from state taxes on the sale of motor vehicle fuels. In accordance with Article XIX of the California Constitution and Streets and Highways Code section 2101, a city must deposit all apportionments of highway users taxes in its Special Gas Tax Street Improvement Fund. A city must expend gas tax funds only for street-related purposes. We conducted our audit of the city's Special Gas Tax Street Improvement Fund under the authority of Government Code section 12410.

Government Code section 14556.5 created a Traffic Congestion Relief Fund in the State Treasury for allocating funds quarterly to cities and counties for street or road maintenance, reconstruction, and storm damage repair. Cities must deposit funds received into the city account designated for the receipt of state funds allocated for transportation purposes. The town recorded its TCRF allocations in the General Fund. We conducted our audit of the town's TCRF allocations under the authority of Revenue and Taxation Code section 7104.

Senate Bill 1266, Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, was introduced as Proposition 1B and approved by the voters on November 7, 2006, for a variety of transportation priorities, including the maintenance and improvement of local transportation facilities. Proposition 1B funds transferred to cities and counties shall be deposited into an account that is designated for the receipt of state funds allocated for streets and roads. The city recorded its Proposition 1B allocations in the Gas Tax Fund. A city is required to expend its allocations within three years following the end of the fiscal year in which the allocation was made in compliance with Government Code section 8879.23. We conducted our review of the city's Proposition 1B allocations under the authority of Government Code section 12410.

Objective, Scope, and Methodology

Our audit objective was to determine whether the town accounted for and expended the Special Gas Tax Street Improvement Fund, the TCRF allocations recorded in the General Fund, and the Proposition 1B Fund allocations recorded in the General Fund in compliance with Article XIX of the California Constitution, the Streets and Highways Code, and Government Code section 8879.23. To meet the audit objective, we determined whether the town:

- Properly deposited highway users tax apportionments and other appropriate revenues in the Special Gas Tax Street Improvement Fund;
- Properly deposited TCRF allocations into an account designated for the receipt of state funds allocated for transportation purposes;
- Expended funds exclusively for authorized street-related purposes; and
- Made available unexpended funds for future expenditures.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We did not audit the town's financial statements. We limited our audit scope to planning and performing the audit procedures necessary to obtain reasonable assurance that the town accounted for and expended the Special Gas Tax Street Improvement Fund, the TCRF allocations recorded in the General Fund, and the Proposition 1B Fund allocations recorded in the General Fund in accordance with the requirements of the Streets and Highways Code, Revenue and Taxation Code section 7104, and Government Code section 8879.23. Accordingly, we examined transactions, on a test basis, to determine whether the town expended funds for street purposes. We considered the town's internal controls only to the extent necessary to plan the audit.

Conclusion

Our audit found that the Town of Hillsborough accounted for and expended its Special Gas Tax Street Improvement Fund—highway users tax—in compliance with Article XIX of the California Constitution and the Streets and Highways Code for the period of July 1, 1998, through June 30, 2009.

Our audit also found that the town accounted for and expended its TCRF allocations recorded in the General Fund in compliance with Article XIX of the California Constitution, the Streets and Highways Code, and Revenue and Taxation Code section 7104 for the period of July 1, 2000, through June 30, 2009. Furthermore, the audit found that the town accounted for and expended its Proposition 1B Fund allocations in compliance with Government Code section 8879.23 for the period of July 1, 2007, through June 30, 2009.

Total funds available	192,598	95,623	400,000

¹ The city receives apportionments from the State highway users tax account, pursuant to Streets and Highways Code sections 2103, 2105, 2106, 2107, and 2107.5. The basis of the apportionments varies, but the money may be used for any street purpose. Streets and Highways Code section 2107.5 restricts apportionments to administration and engineering expenditures, except for cities with populations of fewer than 10,000 inhabitants. Those cities may use the funds for rights-of-way and for the construction of street systems. The audit period was July 1, 1998, through June 30, 2009; however, this schedule includes only the period of July 1, 2008, through June 30, 2009.

² Government Code section 14556.5 created a Traffic Congestion Relief Fund (TCRF) in the State Treasury for allocating funds quarterly to cities and counties for street and road maintenance, reconstruction, and storm damage repair. The TCRF allocations were recorded in the General Fund. The audit period was July 1, 2000, through June 30, 2009.

³ Senate Bill 1266, Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, introduced as Proposition 1B, provided funds for a variety of transportation priorities.
